

SHAIK MOHAMMAD MUSTHAFA

TARGET ROLE: TECHNICAL FELLOW / ENTERPRISE ARCHITECT LEAD

Location: Hyderabad, Telangana, India Email: shaik.musthafa@outlook.com Phone: +91 9703957206

EXECUTIVE SUMMARY

Visionary Enterprise Technical Leader with 13+ years of experience steering global digital transformations, core ERP multi-cloud migrations, and enterprise-grade Agentic AI platforms. Proven track record establishing Enterprise Business Applications Technology (EBAT) target operating models, governing global Architecture Review Boards (ARBs), and setting Zero-Trust integration standards. Pioneer in autonomous AI agent topologies (A2A) and event-driven architectures across Oracle Cloud Infrastructure (OCI), Fusion SaaS, Azure, and enterprise iPaaS systems. **Trusted executive partner to the C-suite, translating enterprise vision into high-yield, high-availability architecture roadmaps that deliver multi-million-dollar operational impact and sustainable competitive advantage.**

CORE COMPETENCIES & ARCHITECTURE TOOLKIT

Enterprise Leadership: Target Operating Models (EBAT), Strategic Technology Roadmapping, Architecture Review Boards (ARB), ADRs, FinOps.	Agentic AI & Emerging Tech: Multi-Agent Topologies (A2A), Autonomous Workflow Orchestration, Agent Harnesses, LangChain, Oracle AI Agent Studio.
Cloud & ERP Ecosystems: Oracle ERP Cloud (Financials, SCM, PPM), Oracle HCM Cloud, OCI, Azure, Oracle PaaS (VBCS, ATP, APEX, ORDS), Oracle EBS.	Integration & Automation: Event-Driven Architecture (EDA), Hybrid-Cloud iPaaS, OIC Gen 2/3, BMC Helix Control-M, MFTe, Dell Boomi, Zero-Trust.

PROFESSIONAL EXPERIENCE

Providence Global Center LLP

Hyderabad, India

Senior Principal Solutions Architect (Promoted through Lead, Principal, and Senior Principal)

June 2020 – Present

- Enterprise Technical Blueprinting:** Authored and established the end-to-end Enterprise Business Applications Technology (EBAT) target architecture blueprint, standardizing interconnected systems across Oracle ERP Cloud, HCM Cloud, Hyperion/EPM, Azure, OCI, ServiceNow, and Control-M.
- Agentic AI Innovation & R&D:** Engineered groundbreaking multi-agent topologies (A2A) integrated with Oracle AI Agent Studio, setting enterprise reference architectures for autonomous journal processing, data validation, and automated ERP workflows.
- Workload Automation Transformation:** Led the enterprise-wide architecture and cloud migration to BMC Helix Control-M SaaS, centralizing mission-critical batch orchestration, eliminating single-point-of-failure risks, and optimizing cross-domain operational resilience.
- Enterprise Modernization & Security:** Governed the implementation of BMC MFTe across the enterprise, establishing TLS-compliant Zero-Trust frameworks, single sign-on (SSO), automated auditability, and observability platforms.
- Reusable Automation Frameworks:** Architected metadata-driven integration frameworks and custom Control-M plugins for Oracle ESS, OIC, and ServiceNow, enabling proactive SLA alerting and automated incident remediation.
- Low-Code Platforming Strategy:** Spearheaded technical strategy for Oracle Visual Builder Studio (VB Studio) and Redwood extensions on Autonomous Transaction Processing (ATP), streamlining complex financial data remediation.
- Technical Governance & Mentorship:** Formulated code quality baselines, vendor selection protocols, and cloud cutover governance; mentored and upskilled 20+ senior architects, technical leads, and integration engineers.

GAP Inc.

Hyderabad, India

Senior Integration Systems Architect

September 2019 – June 2020

- **Migration Impact Assessment:** Directed impact assessments and interface retrofitting architectures during a multi-tier lift-and-shift migration of Oracle EBS Site Hub and Stibo systems.
- **Business Continuity Governance:** Executed cutover, risk-mitigation, and decommissioning strategies with zero operational downtime across core retail supply chain and business operations.

Deloitte Consulting LLP

Hyderabad, India

Technical Track Lead / Enterprise Solutions Consultant

November 2015 – September 2019

- **Enterprise Conversion Platform:** Architected the Cloud Conversion Accelerator (CCA)—an ADF and Quartz Scheduler platform that delivered a 100% conversion success rate across SIT, UAT, and Production for core ERP financial data.
- **PaaS Framework Design:** Formulated common development and core component libraries for Oracle PaaS (JCS-SX, OIC, SOACS), standardizing extension delivery across Fortune 500 enterprise accounts.
- **Hybrid iPaaS Architecture:** Designed global integration pipelines connecting Oracle Cloud PPM with Fixed Assets and ePBCS via Dell Boomi, standardizing enterprise logging, exception handling, and automated reconciliation.
- **Microservices & Legacy Decoupling:** Engineered RESTful endpoint services via Oracle APEX and ORDS to decouple legacy ERP systems during COA and POET translation phases.
- **Release Governance:** Created enterprise CI/CD automation blueprints using Oracle Developer Cloud Service, Maven, and Git for SOA composites, accelerating deployment velocity.

Wipro Technologies

Hyderabad, India

Project Engineer / ERP Technical Consultant

September 2012 – November 2015

- **ERP Upgrade Strategy:** Guided technical upgrade migration and retrofitting of database interfaces and custom extensions during enterprise EBS 11i to R12 transitions.
- **Automated Data Ingestion:** Developed WebADI and PL/SQL integration components for automated invoice and resource ingestion into Payables and Project Accounting modules.
- **Workflow Re-engineering:** Modernized corporate financial workflows utilizing Oracle Workflow Builder and Approval Management Engine (AME) to enforce regulatory audit controls.

CREDENTIALS, AWARDS & EDUCATION

PROFESSIONAL CERTIFICATIONS

- Dell Boomi Certified Professional Architect
- Dell Boomi Certified Professional Developer & Administrator
- Oracle Cloud Infrastructure Certified Associate Architect
- Oracle Integration Cloud Service Specialist
- Oracle Certified Specialist: Mobile Cloud Service Developer

HONORS, AWARDS & EDUCATION

- **GPS Star Award (Deloitte):** Strategic client value creation.
- **Applause Award (Deloitte):** Architecture & cloud extension execution.
- **SPOT Award (Deloitte):** Zero-defect production data migration.
- **B.Tech:** Sree Vidyanikethan Eng. College, Tirupati (2012)
